

24th European Meeting on Environmental Chemistry

Alicante, Spain, 26th-29th November 2024

<https://emec24.es>

The **European Meeting on Environmental Chemistry (EMEC)** is organized annually on behalf of the **Association of Chemistry and the Environment (ACE)**. It traditionally comprises a wide range of topics in the field of environmental chemistry and interdisciplinary presentations are very welcome. The EMEC meeting always attracts high quality scientific presentations, plenary and keynote talks from internationally renowned researchers working in environmental chemistry and related fields.

The Department of Analytical Chemistry, Nutrition and Food Science and the University Institute of Materials of the University of Alicante are pleased to host the **24th European Meeting on Environmental Chemistry**, which will be held in Alicante (Spain) from 26th to 29th November 2024.

We are confident that the EMEC meeting will provide a broad forum for people from academia, research and industry to exchange ideas on the latest advances in research and development in environmental chemistry and technology.

IMPORTANT DATES

Abstracts submission opening	1st March 2024
Abstracts submission deadline	15th September 2024
Early bird payments deadline	15th October 2024
Contact:	emec24@transviabusiness.com ; emec24@ua.es

Looking forward to seeing you in Alicante in November 2024!

Lorena Vidal & Antonio Canals
